Appn. No. 09/874,630  
Amendment dated March 10, 2005  
Reply to Office Action mailed December 10, 2004

Thus, since neither the Nakabayashi nor the Menezes patents disclose the requirement of "receiving a file on the client computer, wherein the file is written in a source format *unreadable by the client computer*", it is submitted that the allegedly obvious combination of these patents could not lead one of ordinary skill in the art to the requirements of the claims.

Withdrawal of the §103(a) rejections of claims 1 through 40 is therefore respectfully requested.

**CONCLUSION**

In light of the foregoing amendments and remarks, early reconsideration and allowance of this application are most courteously solicited.

Respectfully submitted,

LEONARD & PROEHL, Prof. L.L.C.
